LET'S TALK ABOUT YOU

- Minimum 5 years experience in an Aircraft Engineering role;
- Recent experience with Airbus A320, A330, or A340 aircraft;
- Knowledge of Airbus onboard avionic systems CMC/ACMS/FDIMU/ATSU;
- Understanding of Airbus technical documentation including TSM, ASM, and WISE;
- High level of analytical skills;
- An understanding of a Continuous Airworthiness Maintenance Organisation and the associated regulatory requirements;
- The right to live and work in Malta.

**Please note that background checks will be conducted on all applicants and restrictions that can suspend the process of employment in accordance with the Law on Aviation Article 57.1. will be additionally evaluated. By applying to this job advertisement, the applicant takes full responsibility for declaring truthful information. In case, if information submitted will be discovered false or the Background Check result will return negative, participation in the recruitment process will be terminated.*

WHAT WILL YOU DO

- Perform a detailed review of all A320 and A330 Post Flight Report data;
- Manage A330 Maintenance Status Class 2 faults and arrange rectification;
- Provide 7-day technical support for Line maintenance AOGs and critical technical issues;
- Manage significant and repetitive defects to minimize operational disruption;
- Oversee operational reliability to identify and mitigate emerging technical issues;

- Oversee deferred defect levels and manage defect management functions to ensure service levels and targets are met;
- Manage operational reliability key drivers;
- Manage technical investigations and implement corrective actions
- Be aware of worldwide Airbus fleet reliability issues through OEM documentation process management;
- Support the technical aspects of aircraft parking, storage, and re-activation;
- Support the Smartlynx Engineering and CAMO team for long-term reliability management.

THIS IS WHY YOU WILL LOVE TO WORK WITH US

- Opportunity to work together with global aviation experts;
- International, friendly, modern, and comfortable work environment;
- Fully paid lunch and healthy snacks in the office;
- Advanced health insurance after probation period;
- Paid day off on your birthday;
- Affordable travel option on SmartLynx Airlines charter flights for you and your family;
- For professional and personal development opportunities, join our Talent Academy, Leaders Club, or other development incentives;
- Corporate and social events.

In its 27 years in the ACMI and air charter business, SmartLynx Airlines has earned a name for itself as one of the finest in the industry. Operating a fleet of Airbus A320s and Airbus A321s aircraft, the airline transports over 3 million passengers annually in Europe and Asia.
