

## **DATABASE ADMINISTRATOR/SENIOR SQL DEVELOPER. VILNIUS, LITHUANIA**

### **ABOUT COMPANY:**

FL Technics is a global provider of tailor-made services for aircraft maintenance, repair, and overhaul (MRO), delivering solutions to commercial aviation customers worldwide. FL Technics is operating in a vast network of representative offices, hangars, and shop facilities, as well as largest independent line maintenance stations network across Europe, Asia Pacific, Africa, Middle East, and Canada.

Recognized as Top Employer of 2024, awarded by the Top Employers Institute, FL Technics demonstrates continuous effort and investments to create a great work environment and ensure the well-being of the ever-growing team in Lithuania and across the globe.

FL Technics is a family member of Avia Solutions Group, leaders in end-to-end capacity solutions for passenger and cargo airlines worldwide. The Group manages over 100 offices and production facilities globally and is significantly backed by the assets of over 9,000 highly skilled aviation professionals, serving more than 2,000 clients throughout Europe, Asia, North America, Australia, and worldwide and still counting.

### **YOUR TASKS:**

- Design, develop, and maintain highly available and scalable databases;
- Troubleshoot and resolve database performance issues, providing solutions to optimize database operations and minimize downtime;
- Implement and maintain database security policies and procedures, ensuring the integrity and confidentiality of sensitive data;
- Conduct regular database maintenance tasks, including backups, indexing, and cleanup processes to ensure data accuracy and efficiency;
- Collaborate with development teams to integrate databases with existing applications, enhancing functionality and performance;
- Provide guidance and support for database design, development, and optimization efforts, ensuring best practices are followed;
- Stay abreast of the latest developments in database technology and security to ensure our systems remain cutting-edge and secure;
- Prepare documentation and reports on database status, performance, and maintenance for stakeholders and upper management.

### **WHAT YOU SHOULD BRING:**

- Bachelor's degree in Computer Science, Information Technology, or related field;
- Minimum of 5 years of experience as a Database Administrator or SQL Developer, with a strong focus on SQL Server;
- Expertise in SQL database design, development, and optimization;

- Proficient in writing complex SQL queries, stored procedures, and scripts;
- Experience with database security protocols, disaster recovery, and backup procedures;
- Familiarity with cloud-based database services (MS SQL, Oracle, Azure SQL) is a plus;
- Data warehouse maintenance;
- Strong analytical and problem-solving skills;
- Excellent communication and collaboration abilities.

#### **OUR ATTRACTIVENESS:**

- Exclusive experience to the aviation business industry;
- Flexible working hours to promote work-life balance;
- Work remotely for up to one month a year;
- Additional private health and accident insurance;
- Discount system with partnering companies;
- Access to internal training and courses;
- Complimentary in-house gym and other sports activities;
- Supporting and cheering for your success team;
- Competitive salary range, final offer will be proposed based on your experience and competencies.

Seize this opportunity to soar to new heights with FL Technics! Apply now and be part of a globally acclaimed team shaping the future of aviation technology.

Salary: from 5000 € to 6000 € (brutto)
